

CONSTRUCTION NOTICE 3

WAIAWA NAVY WATERLINE PROJECT

Main Line Installation

Phase 3 of the project will involve the installation of the main water line, starting at the top of Waihona Street. **Please view the red area on the map (above) which shows where sidewalks, parking, and access will be restricted or delayed during this time.**

Businesses and motorists near the project site are asked to observe all traffic signs, anticipate/plan for possible delays, and drive with caution. Project updates will be available, 24/7, at www.waiawanavywaterline.com. All interested members of the public may sign up at the website to receive automatic project updates. Hawaiian Dredging Construction Company (HDCC) and Naval Facilities Engineering Command (NAVFAC) Hawaii will make every effort to provide timely project information to the local community throughout this project. Please direct all questions or concerns during normal business hours to the Waiawa Navy Waterline Project Team, (808) 392-1617, or email info@waiawanavywaterline.com.

On August 12, 2019, HDCC, on behalf of NAVFAC Hawaii, began work on the Waiawa Navy Waterline Project. The anticipated completion date is November 2021.
