

CONSTRUCTION NOTICE 9

WAIAWA NAVY WATERLINE PROJECT

Hawaiian Dredging Construction Company (HDCC), Inc., on behalf of the Naval Facilities Engineering Command (NAVFAC) Hawaii, started work on the Waiawa Navy Waterline Project for Joint Base Pearl Harbor-Hickam on August 12, 2019.

On August 3, this phase of the project will bring the waterline across Farrington Highway into the UH Urban Garden. **One lane of Farrington Highway Eastbound will be closed to allow for construction in the area. Traffic will be allowed access in the other lanes.** Businesses and motorists near the project area are asked to observe all traffic signs, anticipate/plan for possible delays, and drive with caution. Project updates are available, 24/7 at www.waiawanavywaterline.com. All interested members of the public may sign up at the website to receive automatic project updates. HDCC and NAVFAC Hawaii will make every effort to provide timely project information to the local community throughout this project.

Please direct all questions or concerns during normal business hours to the Waiawa Navy Waterline Project Team, (808) 392-1617, or email info@waiawanavywaterline.com.
